WEST TROY AND GREEN ISLAND.

VOLUME THIRTY.

TROY:
PUBLISHED BY ADAMS, SAMPSON & CO.,
No. 211 River Street.

Entered according to Act of Congress, in the year 1858, by Adams, Sampson & Co., in the Clerk's Office, of the District Court of the Northern District of New York.

PREFACE.

The citizens of Troy are again presented with the annual edition of the City Directory.

The Publishers have made increased efforts to make the work as useful as possible, and feel confident that it will be found more correct and complete than the former number, but are aware that in works of this kind errors will occur after using all possible caution.

The names of the citizens of Albia have been added, and other improvements made, one of which is the giving against the name of each partner in a firm, his business and location, except where the names of the partners occur on the same page, in which case, it was deemed unnecessary.

Knowing there is still room for further improvement, we hope by another year we may be encouraged to make the work yet more valuable.

Our thanks are due to the citizens generally, for their promptness in giving the desired information, and also to our patrons who contribute to its support.

CORSLETTS.

We call the attention of our patrons to the IMPROVED FRENCH CORSET, by Dr. ABBE. It is so arranged that all the natural actions of the Chest are secured, and, unlike the common Corset, can be, and is, worn with great benefit to the health; while the tendency of common Corsletts is to much, and often great, injury. These Corsets can be found at

No. 24 BOYLSTON STREET, BOSTON.

Dr. ABBE has, for the last twenty-five years, given his attention to SPINAL DISEASES, and has thus been compelled to give much attention to the use and effect of Corsets, and has invented this great improvement, so that the multitude who are not deformed may have a Corset that will give a good figure, give every requisite support, and be worn not only without injury, but with great benefit.

☞ Dr. ABBE still gives his attention to the treatment of all DEFORMITIES of the Body and Limbs.

CAPITAL and ACCUMULATED PREMIUMS to MEET LOSSES,

OVER ONE MILLION!

After paying among all holding policies, in cash (not in scrip) dividends

Amounting to $181,000,

The surplus is divided among all the members, IN CASH, thus affording a good and certain rate of interest upon the outlay of premiums, and avoiding the large and unnecessary accumulations of unpaid dividends of uncertain tendency, and erroneously called capital.

One-half of the first five annual premiums on life policies loaned to insurers, if desired; the remaining half may be paid quarterly. The premiums are as low as those of any reliable Company.

This is the oldest American Mutual Life Insurance Company, and one of the most successful.

Insurance may be effected for the benefit of married women beyond the reach of their husband's creditors. Creditors may insure the lives of debtors. Blank forms of application for insurance, or the company's pamphlet, containing the charter, rules and regulations, also the annual reports showing the condition of the Company, will be furnished gratis.

SINGER'S

SEWING MACHINES.

In all the leading branches of manufacturing industry, the great practical superiority of Singer's Sewing Machines is a fact established beyond dispute. No tailor, shoe manufacturer, clothier, seamstress, dress-maker, saddler, carriage trimmer, hat manufacturer, &c., &c., can afford to do without them.

One Thousand Dollars a Year

Is only a fair average of the actual profit from the use of each one of these Machines, and, for confirmation of this truth, we refer to any one of the thousands of persons who use them. They are adapted to every sort of work, fine or coarse, upon silk, cotton, linen and woolen fabrics, also light and heavy leather. They never fail to give entire satisfaction.

To meet the growing demand for a smaller and more elegant machine for private household purposes, we have just produced and are read; to receive orders for
